Breaking the Saudi Oil Scoop

MGA ALERT Saudi Decides On Big Output Hike To Lower Oil Prices **June 11**

Saudi Arabia is making preparations to increase oil output for July by more than 600,000 b/d, raising the Kingdom's output above 10 mn b/d, well-informed sources say. The output increase has been communicated to major Aramco customers, who have agreed to take the extra volumes and are in the process of lining up tankers to pick up the additional crude.
